

Wireless Service Activation – Terms and Conditions

Congratulations on purchasing a cellular data module from Baseline! Baseline cellular modules are specifically designed to be high-performance, cost-effective wireless access solutions for Baseline irrigation systems.

Steps to Activate Your Cellular Data Module

1. Complete the form below and submit it to Baseline via FAX at: **208.323.1834**
2. Baseline will FAX and/or e-mail your confirmation and activated SIM ID and IP address. Allow 3-5 days for activation. Save your SIM ID and IP address! You will need this information to access your unit.
3. Billing for future service years will be sent annually to the billing address below. To ensure uninterrupted service, please notify Baseline in writing of address changes.

Account & Billing Information (* = required fields)

*Account Name: _____
The company or individual name by which you want this account to be identified.

*Billing Address: _____
If you are authorizing automatic credit card payment, this should be the billing address for the credit card.

*Authorized Contact Name: _____

*Billing Phone Number: _____ *Billing FAX Number: _____

*Billing e-mail: _____

*Authorized Signature: _____
Your signature indicates you have read and agreed to the attached Service Terms and Conditions.

Automatic Payment Information (optional)

Credit Card (circle one): VISA, MC, AMEX Card Number: _____

Expiration Date: _____ CVV Code: _____ (Code on back of card)

Cardholder Name: _____

Service Plan (required) – Please check one

Note: When ordered as BL-CM3G-X or BL-CM3G-P, the first year of service for one controller is bundled with Baseline cellular modules. The service period begins when the data plan is activated with this form. Please select a plan below to authorize ongoing service.

United States Service Plans

- BL-CM-SVC1 1 year of Cellular Data Service for ONE controller - \$199 per year, per modem
- BL-CM-SVC1-EXT5 1 year of Cellular Data Service for up to FIVE controllers - \$345 per year, per modem
- BL-CM-SVC1-EXT20 1 year of Cellular Data Service for up to TWENTY controllers - \$750 per year, per modem

Canadian Service Plans

- BL-CM-SVC1-CDN 1 year of Cellular Data Service for ONE controller - \$299 per year, per modem

Cell Module Identification

SIM ID: _____
Provided by Baseline

Cell Module S/N: _____
Provided by Baseline

Wireless Service Terms and Conditions

- I. **Permitted Use:** Baseline cellular data modules are for use with BaseManager central control solutions only. No other data service uses are permitted with this service plan. Use of the service or equipment for other purposes is prohibited and may result in additional service fees and/or termination of service.
- II. **Usage & Billing:** Billing for service is assessed annually. Each data plan is for a single cell modem. When ordered as BL-CM3G-X or BL-CM3G-P, the first year of service, from the activation date, is bundled with Baseline cellular modules. Cell modem gateway modules (part number BL-CM3G-GW) do not include a bundled service plan. Service plan rates are determined by the number of controllers connected to the gateway. Renewal of annual service fees will be invoiced at least 30 days prior to the annual due date of the service. Failure to pay service fees by the due date will result in deactivation of the service. Reactivation fees may be required to resume service.
- III. **Automatic Payment:** Automatic payment for services can be arranged via credit card with Baseline. Credit card payments will be billed on the date of annual renewal or on the last business day prior to the date of annual renewal.
- IV. **Overages:** These data service plans are **not unlimited plans!** The single controller plan is sized to cover any standard access of the system via BaseManager. Baseline reserves the right to bill for overages caused by excessive or inappropriate use of the system. Baseline will notify the authorized account contact at the end of the billing period if overages have been detected. Higher capacity service plans are available if the single controller plan is considered by the customer to be inadequate or when multiple controllers are connected through a cell modem gateway. In order to avoid overages, please ensure that the appropriate number of BaseStation irrigation controllers are connected to a cell modem as allowed by the size of the cell data plan.
- V. **Cancellations & Termination:** This plan may be terminated at any time. Baseline will refund a portion of the pro-rated unused annual service fees after receiving and validating the returned SIM card. Contact Baseline for specific details on pro-rated refunds for service costs.
- VI. **Security:** Baseline's primary cellular network is provided in partnership with AT&T, and every effort has been made to ensure data security on the Baseline network. Baseline cellular devices are not addressable from the open Internet, and connections are strictly controlled through the Baseline cellular network and Baseline's private network operations center. Furthermore, irrigation controllers connected through the Baseline cellular network must register properly with a BaseManager server, and all communications are encrypted with SSL. Baseline's cellular network is only authorized for Baseline irrigation controller use and is not enabled for access to other Internet servers or service.
- VII. **Access Requirements:** To access a cellular module, users must be within service of a supported provider access point (cell tower). Baseline cannot and does not guarantee specific area coverage without a site test and cannot guarantee uninterrupted access in the event of service provider equipment malfunction or changes. Optional high gain antenna kits are available for Baseline cellular modules. Contact your authorized Baseline distributor for more details. For a list of authorized distributors, consult the Baseline web site at <http://www.baselinesystems.com>. For detailed data service coverage information, contact Baseline at 1-866-294-5847.
- VIII. **Changes to Terms and Conditions:** These terms and conditions may be changed from time to time without notice. Consult the Baseline web site at <http://www.baselinesystems.com> for the most up-to-date service terms and conditions.
- IX. **DISCLAIMER: BASELINE IS NOT RESPONSIBLE FOR SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY BREACH OF WARRANTY, ANY AVAILABILITY OR UNAVAILABILITY OF THIS DATA SERVICE, OR UNDER ANY OTHER LEGAL THEORY, INCLUDING BUT NOT LIMITED TO LOSS OF DATA, LOST PROFITS, DOWNTIME, GOODWILL, DAMAGE OR REPLACEMENT OF EQUIPMENT AND PROPERTY.**
